Services Key

X-ray

Ultrasound

CT Scanning

MRI

Mammography

Patient information

Before you arrive at the clinic

- Remember to have your referral form with you, or send a copy to us before your appointment. If you don't have your referral form, we may not be able to perform your examination on the day.
- Please arrive 10 minutes before your appointment so we have plenty of time to get you ready for your examination.
- If you are having an X-ray, CT or MRI, it is not possible to bring family members or friends into the examination room with you. Therefore if you have young children, you must bring someone to supervise them during this time.

Payment information

- All monies owed for the examination you receive must be settled on the day, prior to you leaving our clinic.
- We accept Q-card as a form of payment.

What to do before your examination

- Before you undergo any medical examination, please let our clinical staff know if you are pregnant.
- The use of phones and cameras is not permitted in our clinical rooms.
- If you are having an ultrasound examination, so that we may give our full attention to your medical needs, only two family members or friends can be present with you. If you bring more, they will need to wait in our reception area.

- Once your examination is complete, our radiologist will report their findings directly to the medical professional who referred you. If you would like a copy of your report sent to another medical professional, please let us know and we will happily accommodate your request.

Going home

- If you are having a steroid or arthrogram injection or sedation, you may need to bring someone to drive you home or arrange alternative transport as it may not be safe for you to drive for at least 20 minutes after your procedure.

See our [Privacy Policy](#)

If in any doubt, please visit our website at www.canopyimaging.co.nz or give us a call on 09 487 2555
